Introduction

The Credential Issuer is a crucial element in the onboarding process for new users to the DOME Marketplace. This application issues Verifiable Credentials, which are essential for accessing and interacting with the DOME Marketplace. These credentials are issued to users who then use the [DOME Digital Wallet](#) to retrieve and store them securely.

Login into the Credential Issuer

- **Access the Credential Issuer**

- Visit the DOME Issuer by clicking on the following link: [DOME Issuer](#).

Credential Issuer Access

Troubleshooting: Expired Credential Offer

- From the moment of the creation of a new Credential the link for the Credential Subject to download the Credential have a lifespan of 72 hours. If the Credential Subject didn't download the Credential in that time or fails to do it there is an option to send a fresh e-mail notification to the Credential Subject with the instruction and a new functional link to start the process. To do so click on the status of the Credential to access its details.
